## Senior Spotlight Callie Robinson

By Angel Baker

Callie Nicole Robinson is the daughter of James and Elizabeth Robinson. Her siblings include Devin Simmers, 25, Bradley Key, 23, and Brooke Robinson, 21. Callie's hobbies and extracurricular activities include watching Netflix, hanging out with friends, cheerleading, and drawing. Her plans after high school hopefully include attending college. Callie's advice to underclassmen are "Say yes more often. I know we all have those days where it's so much easier to stay on the couch and watch Netflix, but getting out of your comfort zone and going out is so much more worth it. Make as many memories as you can now." Callie says that she will most miss the little classroom friendships with classmates and teachers because they mean a lot, but they have an expiration date. Creative Writing class and all the jam sessions and a few life lessons, and who can forget all the conversations and snacks with Mrs. Shelby in Yearbook are the memories what stick out in her mind. Callie's favorite movie is *Dirty Dancing* and her favorite music is just a little bit of everything.
